

Workplace Hero: Richard Allsop

On the evening of February 12, 2023, while driving across the Girard Point Bridge, Philadelphia County Maintenance employee Ricky Allsop spotted a motorist driving erratically on the shoulder. He immediately pulled his crew cab in front of the motorist's vehicle to avoid a traffic collision. When he approached the vehicle, the individual was unresponsive and not breathing. Ricky quickly broke the rear window, placed the vehicle in park, called the Regional Traffic Management Center for assistance, and started to administer CPR. The individual started to breathe again and was quickly taken to the hospital when emergency personnel arrived on the scene. Because of Ricky's quick and heroic actions, the individual's life was saved. What a hero!

Thank you, Ricky!
