

Effective 2/1/20 - All Sears Optical Locations will close

We've got you covered.

Sears Optical Locations are closing, but there are many other participating providers to choose from within the NVA network.

The NVA vision care network includes over 80,000 vision care access points across the U.S. and Puerto Rico including popular national and regional retail chain as well as private practitioners.

Effective February 1, 2020, Sears Optical Locations will close their doors. NVA has many other retailers and independent eye care professionals to choose from in our network. Remember to log on to our website or member app to access the Provider Search Tool and find an alternative provider. When on our provider locator, you can select your new provider based on frames available to you at \$0 out-of-pocket cost.

Get the free NVA vision benefits member mobile app for your iPhone or Android:
